Grand Total	\$18,21,8592*

*Funding total current as of September 2007.

Mapping Potential Environmental Justice Areas

As part of its plan to address the issue of Environmental Justice, EPA New England has developed maps of areas with large low income and/or minority populations. To be considered a large population, a given Census block group must rank in the top 15% of the region for percentage minority and/or low income. Low income is defined as twice the Federal Poverty Level.
